

DOZUKI

Facility Walk Through (Virtual)

Written By: Quality Manager

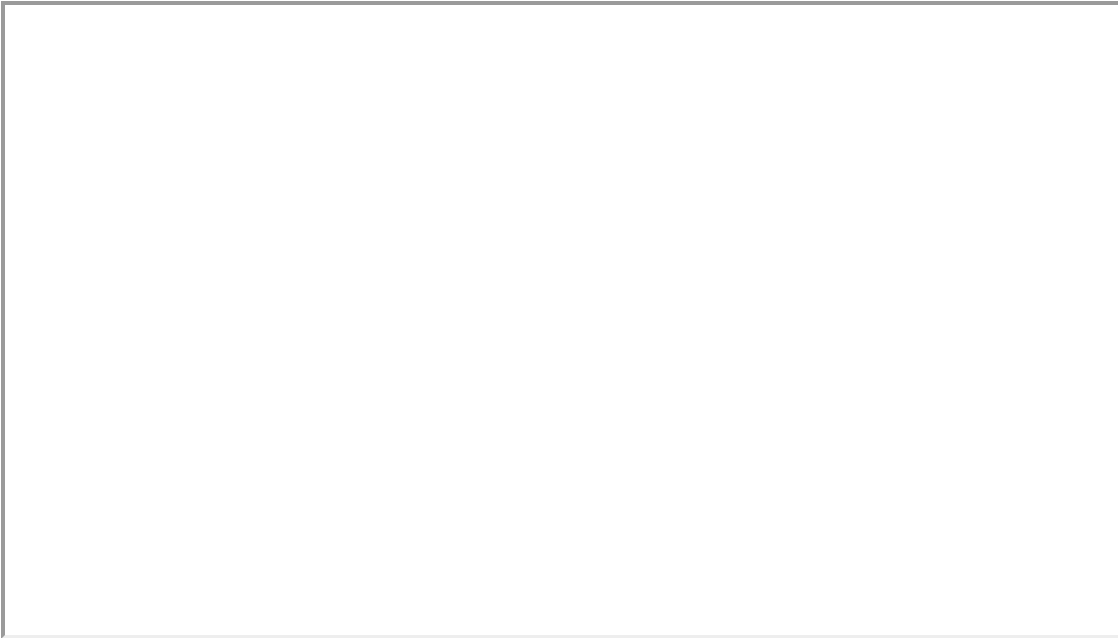

INTRODUCTION

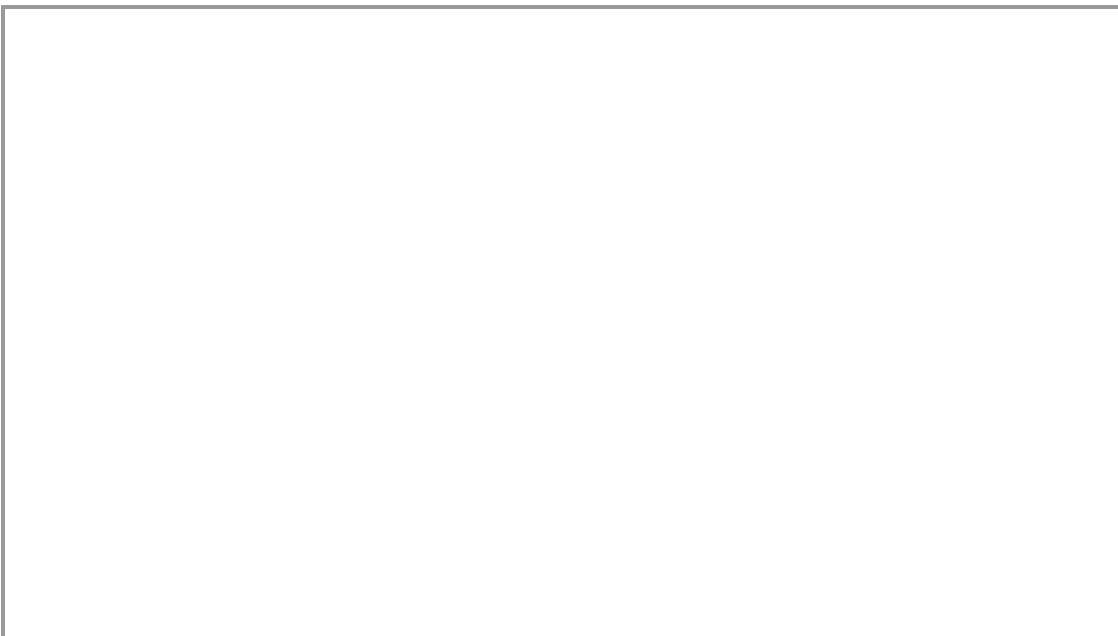

Here is a full walkthrough of the boiler room.

As part of onboarding, you will be required to know the location of the fire suppression system, eye wash stations and the PPE storage locker.

Click the video source to drop into the environment and take a complete tour of every area.

Once you know the location of the fire suppression system, eye wash stations and the PPE storage locker in the boiler room, next you must know the exit points of the first floor.

Any errors or ideas for improvement should be submitted via comments.
